Alison & Erich,

I hope this finds the both of you doing well and off to a great start in 2016! I wanted to reach out and see if you may be able to help us out in a timely manner with an issue involving one of our projects.

We have been talking with the Las Palmas Senior Center in the Promise Zone since November about doing a revitalization project there next Monday in honor of MLK Jr. Day. Allison & Ben from our team did multiple site visits, ordered thousands of dollars of supplies, and recruited almost 100 volunteers -- 70 from YPI alone -- for the event.

Yesterday, on our final walkthrough, the Director of the center, Sonya Jimenez, told Allison that because of union issues and lack of formal approval, that we would not be able to do the project. Her follow-up email is below. She did not mention any permitting or union issues in any of our conversations prior to now.

We are now in quite a jam here and want more than anything to do this project to serve the residents of the center and to get our partnership with the LAPZ off to a strong start in 2016. We also have 100 volunteers who are expecting to turn out in support of the Promise Zone and The Mission Continues on Monday who we do not want to disappoint.

Is there anything that you can do to help us out and get the approval necessary to make this project happen on Monday?

I'm happy to hop on a phone call with you if that's best.

Thank you very much, and I look forward to hearing back from you at your earliest convenience.

Best,
Regan

Hello Allison today I have been trying to get us approval for the project but I am not able to get the ROE (right of entry) done in time. There are issues with doing work on a holiday and other union issues. We need to have liability figured out first. I am so sorry for this inconvenience and possibly we can work to have it done with enough time for an ROE to be drawn up in the future. Please let me know what we can do. Again, I am very sorry.

Thanks, all. My understanding is the issue is a ROE permit needs to be secured, correct?

To echo Marisol, in November (I believe) I met on site with The Mission Continues and John Ruiz from the Las Palmas Senior Center. We had a great meeting about potential projects and the group's willingness to help out (with the understanding that RAP approval would be needed).

CD13 has been very engaged over the past year or two with the Center, working in conjunction with RAP, and we thought this was a great opportunity to bring volunteers and a quality project to the Center. The shuffleboard area is in huge need of an upgrade as it is essentially unusable space in its current form. This project would change that, and a community garden could benefit the seniors as well as the youth who use the complex.

Mike, please let me know how I or our office can assist with helping Monday's project come to fruition. Happy to help in any way!

Apparently the group approached the center staff some ago but I was told not to issue an ROE .

I have spoken with all the trade staff and they indicated to me that we are not authorized to move forward .
There are safety and structural challenges , and union issues as well .

Folks, this is the scope of work

"The project will maintain the integrity of all permanent structures. The project will include replacing all rotted and hazardous wood from the benches and overhead shade structure to ensure usability and safety for residents. The project will also include building 10 movable garden beds to be used by the residents. The garden beds will be wheelchair accessible. Along with construction, the volunteers will be painting the side walls and cement courtyard to add a clean and beautiful space for the residents."

If the shade structure is what is causing the "safety and structural challenges", I suppose that can be removed. But otherwise, painting, repairing benches and building garden boxes should not be problematic.

Thanks, all. My understanding is the issue is a ROE permit needs to be secured, correct?

To echo Marisol, in November (I believe) I met on site with The Mission Continues and John Ruiz from the Las Palmas Senior Center. We had a great meeting about potential projects and the group's willingness to help out (with the understanding that RAP approval would be needed).

CD13 has been very engaged over the past year or two with the Center, working in conjunction with RAP, and we thought this was a great opportunity to bring volunteers and a quality project to the Center. The shuffleboard area is in huge need of an upgrade as it is essentially unusable space in its current form. This project would change that, and a community garden could benefit the seniors as well as the youth who use the complex.

Mike, please let me know how I or our office can assist with helping Monday's project come to fruition. Happy to help in any way!

Looks like it could be resolved with a bit of creative effort by the Dept.

Would hate to have 30 veterans and 70 volunteers at loose ends on Monday
because they're trying to implement a service project on a federal holiday!

Thank you, in advance, for your prompt attention.

Alison & Erich,

I hope this finds the both of you doing well and off to a great start in 2016! I wanted to reach out and see if you may be able to help us out in a timely manner with an issue involving one of our projects.

We have been talking with the Las Palmas Senior Center in the Promise Zone since November about doing a revitalization project there next Monday in honor of MLK Jr. Day. Allison & Ben from our team did multiple site visits, ordered thousands of dollars of supplies, and recruited almost 100 volunteers -- 70 from YPI alone -- for the event.

Yesterday, on our final walkthrough, the Director of the center, Sonya Jimenez, told Allison that because of union issues and lack of formal approval, that we would not be able to do the project. Her follow-up email is below. She did not mention any permitting or union issues in any of our conversations prior to now.

We are now in quite a jam here and want more than anything to do this project to serve the residents of the center and to get our partnership with the LAPZ off to a strong start in 2016. We also have 100 volunteers who are expecting to turn out in support of the Promise Zone and The

Mission Continues on Monday who we do not want to disappoint.

Is there anything that you can do to help us out and get the approval necessary to make this project happen on Monday?

I'm happy to hop on a phone call with you if that's best.

Thank you very much, and I look forward to hearing back from you at your earliest convenience.

Best,
Regan

Hello Allison today I have been trying to get us approval for the project but I am not able to get the ROE (right of entry) done in time. There are issues with doing work on a holiday and other union

issues. We need to have liability figured out first. I am so sorry for this inconvenience and possibly we can work to have it done with enough time for an ROE to be drawn up in the future. Please let me know what we can do. Again, I am very sorry.

The project will include replacing all rotted and hazardous wood from the benches and overhead shade structure to ensure usability and safety for residents. The project will also include building 10 movable garden beds to be used by the residents. The garden beds will be wheelchair accessible. Along with construction, the volunteers will be painting the side walls and cement courtyard to add a clean and beautiful space for the residents."

If the shade structure is what is causing the "safety and structural challenges", I suppose that can be removed. But otherwise, painting, repairing benches and building garden boxes should not be problematic.

Thanks, all. My understanding is the issue is a ROE permit needs to be secured, correct?

To echo Marisol, in November (I believe) I met on site with The Mission Continues and John Ruiz from the Las Palmas Senior Center. We had a great meeting about potential projects and the group's willingness to help out (with the understanding that RAP approval would be needed).

CD13 has been very engaged over the past year or two with the Center, working in conjunction with RAP, and we thought this was a great opportunity to bring volunteers and a quality project to the Center. The shuffleboard area is in huge need of an upgrade as it is

essentially unusable space in its current form. This project would change that, and a community garden could benefit the seniors as well as the youth who use the complex.

Mike, please let me know how I or our office can assist with helping Monday's project come to fruition. Happy to help in any way!

Alison & Erich,

I hope this finds the both of you doing well and off to a great start in 2016! I wanted to reach out and see if you may be able to help us out in a timely manner with an issue involving one of our projects.

We have been talking with the Las Palmas Senior Center in the Promise Zone since November about doing a revitalization project there next Monday in honor of MLK Jr. Day. Allison & Ben from our team did multiple site visits, ordered thousands of dollars of suppliers, and recruited almost 100 volunteers -- 70 from YPI alone -- for the event.

Yesterday, on our final walkthrough, the Director of the center, Sonya Jimenez, told Allison that because of union issues and lack of formal approval, that we would not be able to do the project. Her follow-up email is below. She did not mention any permitting or union issues in any of our conversations prior to now.

We are now in quite a jam here and want more than anything to do this project to serve the residents of the center and to get our partnership with the LAPZ off to a strong start in 2016. We also have 100 volunteers who are expecting to turn out in support of the Promise Zone and The Mission Continues on Monday who we do not want to disappoint.

Is there anything that you can do to help us out and get the approval necessary to make this project happen on Monday?

I'm happy to hop on a phone call with you if that's best.

Thank you very much, and I look forward to hearing back from you at your earliest convenience.

Best,
Regan

Hello Allison today I have been trying to get us approval for the project but I am not able to get the ROE (right of entry) done in time. There are issues with doing work on a holiday and other union issues. We need to have liability figured out first. I am so sorry for this inconvenience and possibly we can work to have it done with enough time for an ROE to be drawn up in the future. Please let me know what we can do. Again, I am very sorry.

daniel.halden@lacity.org, Alice.Roth@lacity.org,

Hi Jim,

For many years HHA's concern had been the crush of tourist traffic going to the Hollywood Sign. Limited PPDs were indeed installed thanks to the hard work of the Council Office, and tourist buses have been actively discouraged and removed with the additional help of CD13. Tourist traffic up in the Hollywood Sign area has been greatly diminished and improved. B

It appears from what I'm reading that the intent now is that *all* Park users are to be discouraged from entering the Park except at a few select entrances, to the extent of requesting alterations to directional signs.. which I do consider to be an extremely dangerous precedent should that be implemented, and very likely to result in litigation against the City. Don't get me wrong, you of all people know that I hear you and your community's concern. However, we're talking about Public Parks and Public streets here.

First, though, it's not Ferndale... it's Fern Dell Park. And it is *very* heavily used, as is all Park Space in Los Angeles. Let's get real here. We cannot barricade our park-adjacent communities off to prevent the public from accessing what belongs to them, the Park. Whether it is Griffith Park, Lake Hollywood, or Lake Hollywood Park, it belongs to the public.. they own it and their taxes pay for it. And they also own and pay for the roads, the public roads, that access their public parks. So it's untenable to even consider that.. as you put it.. <<Ferndale is probably the next one for PPD's, barricades, extra personnel to man them, and so forth going to each problem area down Los Feliz>>

There is real, palpable public anger that the roads in Griffith Park (that have been closed for literally decades) have now been opened to shuttle visitors in to view the Hollywood Sign, at great impact both environmentally and to wildlife, and at great impact to o our jewel in L.A.'s crown, designated a Historic Monument, Griffith Park. The largest wilderness park in the country. And I'm hearing that's not enough, barricades.. ppds.. and guards? I don't think so. Again, public streets/public park.

It's now past time for a round-table discussion with every stakeholder present and represented at that table. While the presentation on the 20th is a good idea, it does not replace all of us working closely together for real solutions that preserve the western side of Griffith Park and its place not as a parking lot for the view of the sign, but as the wilderness it is and the safe harbor for our ever-diminishing wildlife.

I've updated our contact list here and cc'd Joe Young from the Sierra Club and also Gerry Hans from the Friends of Griffith Park. I'm also including Dan Halden from CD13, Linda Demmers with the LFNC, Marian Dodge with the Hillside Federation, and last but not least, Alice Roth with CD4.

Too much of the current discussion has been out of public view, and that needs to end.

I am not speaking for HUNC. I think we are going to find that there is no one solution that will work for everyone. Each area around the park has its own unique issues depending on the attractions, access points, etc. and each will need specific mitigation measures. The basic problem is that the park cannot handle the number of visitors that are trying to get in which vastly complicates the potential solutions. There are two distinct issues: people who want access to the park and people who want easy access to the Hollywood Sign. It's almost like we are dealing with two parks with different issues. We are probably going to find that we will need to deal with each area completely and then move to the next area and deal with their issues, etc. For example, trying to get a handle on the crowds trying to get to a view of the Hollywood Sign pushed some (not all as they are still coming in increasing numbers) to other areas. Once the Hollywood Sign area is reasonably mitigated (and it is far from mitigated although on weekends it is better except for the Lake Hollywood viewpoint; weekdays are becoming more problematic overall), then Ferndale is probably the next one for PPD's, barricades, extra personnel to man them, and so forth going to each problem area down Los Feliz. An off-park parking plan with shuttles would be an important part of the overall plan for crowd control of Griffith Park. It will have virtually no effect on the significant numbers of people trying to get an easy picture of the Hollywood Sign who will not walk through the entire park to get to the newly advertised Hollywoodland viewpoints. It is whack-a-mole but we need to do it in a way that does not simply send the traffic back to the area in which mitigation measures have been put into place. This is going to take money and personnel to address the problems. And trying to come up with a plan that affects only Griffith Park without including all adjoining neighborhoods in the plan will not solve the problems. It will only lead to a disjointed and ultimately unsuccessful project in my opinion. And none of this addresses the effect of the Harry Potter attraction about to open at Universal and it's 17% increase in attendance that they expect that will send more people to our areas trying to get a view of the Hollywood Sign. And I'm not even going to try to address the LA Traffic Mitigation Plan and the massive cut-through traffic that is going to result in the Lake Hollywood, Hollywoodland, Hollywood Sign Viewpoints area.

Hi Jim,

Thanks for sharing.

Moving forward, please be sure to be clear to any and all agencies and groups that you and your group's positions on this and related issues are not and do not reflect nor represent HUNC or HUNC's positions.

Griffith Park wayfaring signage has been agendized and discussed openly at the GPAB last spring at (at least) two meetings, and I reported this to HUNC at the same time. It's my recollection that you were present at the GPAB meetings where the discussions of wayfaring signs and related content took place.

My recollection is also that requests had been made to Tracy James and others at that time by you and your group to remove specific guidance language from the Park signage.

The GPAB felt strongly that manipulating official wayfinding signage for the benefit of one community was a dangerous precedent to the detriment of other Park-adjacent communities (including all Park users) and could potentially cause liability for the City.

The situation has been intensified with non-residential traffic on Beachwood being turned around on the Holiday weekend and diverted east (whose idea was that? Among many, many others, Susan Polofronio told me that she was going up there to eat at the cafe and was turned away, sent away, on a public street!).

This and the new traffic pattern implementation in the Park caused incredible backups this past Holiday weekend at Bronson Canyon, Fern Dell and Vermont.

Lane closures on Los Feliz at Fern Dell exacerbated the problem. At times the traffic in the Park was backed up in all directions with no movement, potentially preventing emergency access to the Oaks via their only east side entrances at Black Oak and Red Oak, and to the Park. Certainly no fire or emergency vehicles would have gotten in.

I do want to be sure to credit and thank Councilmember Ryu and his staff, along with Joe and RAP and DOT, for listening to us and making herculean efforts to try and control the incredible crush of traffic.

This situation is unacceptable. GPAB and HUNC have warned repeatedly that trying to fix one community's issues without addressing the whole was like a game of whack-a-mole, and has now had the expected result of pushing traffic and emergency access issues eastwards. A more inclusive, global approach is clearly necessary.

It's now time to have all the communities and Neighborhood Councils involved in the decision-making process, a process that has been delayed for far too long.

Hi everyone,

On behalf of The Mission Continues, I would like to extend a huge THANK YOU to everyone at the City of Los Angeles who went out of their way to help make yesterday's MLK Day project at Las Palmas Senior Center a huge success!

Over 100 volunteers turned out from our Los Angeles 1st Platoon, YPI, Wounded Warrior Project, and the community to serve at the center. Our volunteers transformed the backyard into an area with gardens and benches that the residents can use to plant flowers & vegetables, repaired the shade structure in the courtyard, and removed hundreds of pounds of rotted wood in the process.

Pat & Ed, the City employees who served with us all day, were a true pleasure to work with, and tremendously helped our efforts. I've attached several photos from the day just to give you a sense of what we accomplished.

We look forward to many future projects in the LA Promise Zone and to working with you to make the community a better place for the citizens of Los Angeles.

Thanks again, and have a wonderful week!

Best,
Regan

Michael and Kevin:

Good Morning.

Who worked on the Venice first amendment framework? CD13 is looking to replicate somewhat what you all did, but on the major blvd that is Hollywood. We are putting a meeting together with Street Services' Investigation and Enforcement Division and could use your expertise, can someone join us?

Dan Halden is putting this meeting together and will be our point person. Thanks!

Hi Mike and A.P.

Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

Best,
Valerie

Thank you Val for bringing to our attention and providing the legal interpretation as to defense. We will have our staff immediately replace the sign or re-fabricate ASAP, if necessary. And Steve, we'll have our Park Rangers work with you on the proper citation process and guidelines for 653b (which require presence and intent) and Gita, similarly - City wide.

Ramon and Javier please address ASAP with priority at Selma Park. Next, cull together a list of any other similar sites where signs were removed. Please let me know when it's been re-posted at Selma. Thank you.

And similar wishes for a Happy T-day to everyone here and yours.

Best,

On Wed, Nov 23, 2016 at 10:46 AM, Valerie Flores <valerie.flores@lacity.org> wrote:

Hi Mike and A.P.

Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded

All,

Just to clarify. I have confirmed that the cite on the sign is correct: Penal Code Section 653b(a).

The sign should be re-installed at Selma Park only at the entrance to the children's play area, not the entrance to the entire park. Similarly, at other RAP parks, the signs should only be placed at entrances to the Children's Play areas, not in other areas of parks. Next week we will work with RAP to discuss options for the area of Selma Park that does not include the children's play area.

Let me know if you have any additional questions.

Hi Jeanne. The signs can be posted on the gate/fence that surround the children's playground - not in other areas of the park. We are researching whether the sign's current citation to Penal Code 653b(a) is the most effective law to cite. Next week we will provide further advice on that issue and whether a different state or local law is preferable (or we might suggest an amendment to the LAMC). Thank you and have a great Thanksgiving.

Marisol, Dan, All

We stopped by after Yucca Rec Center this morning and removed an encampment at Selma owned by the lady that we removed yesterday.

Yucca Rec Center removal was a very messy encampment blocking an exit. Two males with severe mental illness and drug addition are advised not to return. They linger in the neighborhood. Request all eyes on this one. The district pressure washed the area and neighbors/staff were very grateful.

I have suggested several times that I would seek funding from HHWNC for some more lighting, but each time RAP or CD13 has said "let us talk to DWP" or not replied at all. Who can I talk to to get a proposal for the lighting and a cost estimate so I can seek funding? I've added Michael Shull to the email chain since he is in charge of RAP.

Subject: Photos Of 7020 Franklin

Hello everyone. Thank you very kindly for addressing this ongoing safety issue at Dorothy & Benjamin Smith Park located at 7020 Franklin.

Pic #1: View from my bldg. towards Franklin.

Pic #2: View from Franklin towards my bldg.

Pic #3: View of a shrub

Pic #4: View of same shrub as pic #3 but taken higher. From the street it is difficult to see anyone sleeping hanging out behind the shrubs.

Pic #5: Pic of the shrubs.

Please understand as I'm not insinuating the shrubs be trimmed. I'm asking for the park to be patrolled.

Living next door I think the fence is a great idea. Darrin Ross Manager of the Magic Castle has offered his security guard to lock the park at night and even offered to help finance the fence. I live next door and I'd too be willing to lock it at night.

Other ideas - make the park into a community garden? Add more lights in the corner of the park?

Thank you kindly for your attention on this matter.

Hi everyone,

I hope this finds you well and keeping cool in our heatwave!

Please find attached our letter of support for the Alternative Hollyridge Trail Access Proposal, also attached.

We understand that a survey of the intended access area is currently in the works, and we sincerely hope that this will happen swiftly so that we all can move forward.

Certainly, in light of the upcoming 2024 or 2028 Olympics (congratulations on a job well done, by the way!) and attendant significant uptick in tourism, we hope that placement of a Visitors Center in the heart of Hollywood itself will be treated with the urgency (and priority) that it requires and deserves. Los Angeles is a defined World-Class City, and it's long past time to put that Visitors Center in place to welcome our visitors with a world-class view of our iconic Sign. The problems in our Park-adjacent hillside residential areas can be directly traced back to the increase in our visitors desire to see the Sign and a Visitors Center in Hollywood would address those problems significantly..

Thank you,

Susan Swan

Fwd: Hollywood Recreation Center Meeting 1/3/18 - Follow-Up

1 message

Albert Torres <albert.torres@lacity.org>

Wed, Jan 3, 2018 at 5:59 PM

To: Joe Salaires <Joe.Salaires@lacity.org>, Javier Solis <javier.solis@lacity.org>

Cc: Sophia Pinacortez <Sophia.Pinacortez@lacity.org>, Anthony-Paul Diaz <ap.diaz@lacity.org>, Michael Shull <michael.a.shull@lacity.org>

For your information. Councilmember O'Farrell conducted much of the meeting and is requesting a one month timeline on action items. A full sidewalk clean up occurred after the meeting, led by LAPD and later joined by our Citywide Bulky Item removal team.

Albert Torres

Captain

Park Rangers

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).
- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18**, for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.
- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.
- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.
- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM**. The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Best Regards,

Dan Halden

Hi Mike,

Two things:

1. We have a site visit with the Councilman on Thursday for the trail he is referring to, I should have an email to you then with photos, detailing the location and what he would like to see.
2. The Councilman recently had a meeting at Hollywood Rec to discuss the issue of transients trespassing into the new pool area (Please see the photos attached). Albert Torres and the director were present, not sure if maintenance division was. The issue is that the fence separating the park and the pool is only 4ft high, so they easily jump it and camp out. Not sure why a higher fence was not placed there in the beginning, but we'd like to request a higher fence, 10ft, maybe?

Thanks!

To: Marisol Rodriguez <marisol.rodriguez@lacity.org>

FYI, see photos attached. Trespassing in the pool area.

MOF wants a higher fence around the perimeter of the property, and better security inside (making sure that fences/gates lock, etc.).

Cameras were also suggested.

RAP is preparing an estimate for all of that, but please feel free to reach out to Mike as well.

Thanks,

Good Afternoon Everyone,

I wanted to first thank everyone for their continued efforts in this process that is both difficult and sensitive. I am happy to report that we are once again seeing families return to the park. Our collaborative meeting took place on January 3, 2018, where Councilman O'Farrell, Dan Halden, several community resource organizations, LAPD, RAP maintenance, Rangers, RAP Central District Supervisor and myself (Director at Hollywood RC) were in attendance. We have all carried out the vision both CD 13 and Rec and Parks share; the need to give this facility back to the deserving people of its community.

Since then, LAPD and RAP Rangers have enforced several penal codes such as 647(e) PC No Camping and 63.44 B-26 LAMC.

Both enforcement entities have shared the responsibility of having the tents come down at 6am. Within two days, several encampments packed up and left. No parking signs on Cole Ave have gone up which prevents parking from 9pm-7am. That side of the street usually has vehicles owned by homeless. Some sleep in their vehicles or keep them next to their tent. This new enforcement has pushed those individuals to find other locations to park and thus taking their tents and bedding with them.

RAP is currently working on fabricating signs that enforce 647(e) which prevents any individual from camping or lodging without permission. I have spoken to our lead Ranger Albert Torres who has informed me that the permanent signs should be ready soon.

LAPD is to identify individuals who are continuing to break the law and are deserving of stay away orders. According to Senior lead officer Corona, certain individuals have been identified and he will communicate with the district attorney so that the process may begin.

I am currently working with RAP maintenance, Dan Halden and city contractors to identify the best possible and least costly solution to a higher fence and new cameras around the facility. We are taking into account the facility may be rebuilt soon, we must therefore consider that the fence will work with the new facility and the camera system can be reused. Jimmy Newsom (Sr. Management Analyst) is assisting me with getting plans and pricing for these two items. Per CD13's request, we will work with them and provide quotes for this project as they have gracefully agreed to pay for the upgrades. I am setting up a meeting with Dan Halden, Anthony/Jose (RAP maintenance) and Jimmy Newsom to discuss the project and all viable options.

RAP Rangers posted and cleaned up the perimeter of the park today. Please look at the attached pictures.

We push for my facility to stay free of encampments and though it will be a difficult road it's one worth going down.

Once again thank you all. I will continue to coordinate and update everyone on my efforts with all departments as well together provide a safe environment for our community at Hollywood RC.

On Jan 11, 2018, at 10:37 AM, Yamil Verde <yamil.verde@lacity.org> wrote:

Thank you Albert for all your work yesterday and your continued support!

Hollywood RC looks like a different park. It is true that families are returning. I saw a couple with their newborn walking around the park and approximately 10 men playing basketball. LAPD has also done an amazing job patrolling and enforcing laws.

I ask that we may continue our efforts to show that this was not one of our monthly clean ups. With presence and enforcement we can collectively achieve what Councilman O'Farrell spoke on and send the message that homeless need to find a different place to stay.

All,

Just a brief report of yesterday's activities:

- Everyone complied by removing their property along the entire perimeter
- Bulky Item Removal complete without incident by RAP Team
- Staff noticed that families and children returned to the playground
- Area remains clear per Senior Lead Officer Corona
- Minor bulky item of two sofas today
- See photo

My thanks to everyone for their involvement.

On Dec 18, 2017, at 5:25 PM, Dan Halden <daniel.halden@lacity.org> wrote:

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Jeanette, and Jerry, our ITA Friends. Thank you for the photos and information.

We will coordinate with the Aquatics Division to remove the trespassers and investigate point of entry. Advising LAPD Senior Leads and LAPD HOPE OWB.

Rangers were at the park today for posting of encampments but we were not aware of the break in.

Thank you Albert for all your work yesterday and your continued support!

Hollywood RC looks like a different park. It is true that families are returning. I saw a couple with their newborn walking around the park and approximately 10 men playing basketball. LAPD has also done an amazing job patrolling and enforcing laws.

I ask that we may continue our efforts to show that this was not one of our monthly clean ups. With presence and enforcement we can collectively achieve what Councilman O'Farrell spoke on and send the message that homeless need to find a different place to stay.

On Thu, Jan 11, 2018 at 10:18 AM, Albert Torres <albert.torres@lacity.org> wrote:

All,

Just a brief report of yesterday's activities:

Everyone complied by removing their property along the entire perimeter

Bulky Item Removal complete without incident by RAP Team

Staff noticed that families and children returned to the playground

Area remains clear per Senior Lead Officer Corona

Minor bulky item of two sofas today

See photo

My thanks to everyone for their involvement.

Albert

Hi Everyone,

I wanted to give everyone an update on our previous encampments. I am so grateful for everyone's work. LAPD and our Rangers were hard at work as of Jan 3 to meet the Councilman's Feb 1, 2018 hard deadline. The perimeter has been like this for 3 1/2 weeks with one or two tents that may pop up on occasion. The second we see the tent we notify LAPD and Rangers who then go to work. I can't thank Albert Torres and Officer Corona enough. We continue to meet and communicate several times a week. Their presence at Hollywood is frequent! The work has been done and the support is there.

Also, the work to the fence around the pool has been completed! We met with a side committee to tackle that project. Rec and Parks worked with our maintenance department and contractors to complete the job.

We are waiting for any addition information regarding the fence on Cole Ave and the camera system attached to the Rec building.

I can whole heartedly report that I've had several encounters with ecstatic families and kids who are returning to the park. One parent in particular who lives a few blocks north east was forced to travel to Poinsettia RC to play winter basketball. Yesterday, she signed her child up for Piano and baseball clinics

and thanked us all for what we did. She said it was scary coming to Hollywood RC and seeing all the tents around the park surrounded by homeless. She is happy to return to her park.

Please see the attached pictures.

On Mon, Dec 18, 2017 at 5:24 PM, Dan Halden <daniel.halden@lacity.org> wrote:

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Thank you,

Dan Halden

Hi Mike -

Happy Friday! Hope you don't have any events happening this weekend and you can have a restful one. It was good seeing you last week at Las Palmas.

Attached is the quote from Jimmy that we discussed for the cameras at Hollywood Rec, \$31K for cameras and installation work. Let me know if you need anything else from us.

Thanks.

Hi Dan and Marisol,

Attached is the quote for the camera system we talked about last time we met. Please let me know if you would like to meet on this or how you would like to proceed. Please note this quote does not include the electrical fee as jimmy stated which is estimated at \$15,000. The total for the project he believes will be \$31,000. Thank you

To: Annamaria Galbraith <annamaria.galbraith@lacity.org>, Yamil Verde <yamil.verde@lacity.org>

Cc: Anthony Bagnerise <anthony.bagnerise@lacity.org>, Juan Benitez <juan.benitez@lacity.org>

Anna and Yamil, attached is a simple security camera design/ installation quote on a system that is only mounted on the building and will cover key areas of the park. This system is design to be removed easily and re-installed somewhere else or re-installed in the proposed new building at this park.

Please add another \$15K to this quote for the electrical portion of the installation \$31K is a solid # for the cameras.

Please advise.

Hi Jimmy,

This is the project that will undergo a complete building renovation so the CCTV System is barebones and will be removed during construction. The cameras can be reinstalled in the new facilities and the NVR would be upgraded to whatever size is required at that time.

Thank you and have a great weekend.

Hi Anna,

I just received a phone call from Matt Larrik from ESCO. Install for our new camera system will start tomorrow. I have scheduled staff to be here from 7am on as requested by Matt. He foresees the projected extending until April 20. Matt has given me the break down and has requested access to certain parts of the building which will not be an issue. We are set to start tomorrow. Please let me know of any questions or concerns. Thank you

Thanks, Mike. This is fantastic news.

I'm sorry again for the confusion. I have a meeting with Mitch tomorrow morning and will run by all projects with him. The feeling I get is that he will lean towards funding projects, I know Chevy Chase skate park (\$800K) is important to him as well as the Barnsdall restrooms (\$750K).

Here is what I have
Barnsdall restrooms 750
Bellevue Play Structure 500
Chevy Chase Skate 800
Lake St Skate refurb + ADA 600
SL Play Structure 500
Las Palmas cameras 30K

Total \$3.18 million

Leaving \$4.62 for Las Palms design and construction allocation. With the design taking 3 yrs, we will have more development in the pipeline and rack up more Quimby?

Thoughts?

Hi Mike,

Adding Jeanne on here.

I talked to the Councilmember and he wants to move forward with funding the identified projects. The rest of the funding should go to Las Palmas Senior Center for design and construction. Jeanne may have identified additional monies we can add to Las Palmas.

Barnsdall restrooms 750
Bellevue Play Structure 500
Chevy Chase Skate 800
Lake St Skate refurb + ADA 600
SL Play Structure 500
Hollywood Rec cameras 30K

Total \$3.18 million

Leaving \$4.62 for Las Palms design and construction allocation

I'll let her Jeanne explain other potential sources of funding.

Thanks

Thanks Marisol.

However, I need clarity on how much we are looking to budget for Las Palmas in total ...is it \$10M?

I may have funds in the Hollywood project area (CRA) but if we are using the \$10M figure for Las Palmas, we'll still be short a few \$M.

I need to double check if this is an eligible expenditure (which I assume it is), and whether Mitch would want to allocate it all to this one project.

Thanks Mike.

Jeanne and Marisol,

We will move forward on CM requested projects with balance going to Las Palmas. I don't think there is an official Boe estimate yet to replace the facility but think it is likely \$12-15M. I recommend we look at refurbishing Las Palmas and work within the budget we have and if you can add 2-3M in CRA funds, we could do a very nice refurbishment project. Please advise.

On Thu, Apr 12, 2018 at 10:47 AM, Jeanne Min <jeanne.min@lacity.org> wrote:
Thanks Marisol.

However, I need clarity on how much we are looking to budget for Las Palmas in total ...is it \$10M?

I may have funds in the Hollywood project area (CRA) but if we are using the \$10M figure for Las Palmas, we'll still be short a few \$M.

I need to double check if this is an eligible expenditure (which I assume it is), and whether Mitch would want to allocate it all to this one project.

Thanks Mike.

On Thu, Apr 12, 2018 at 10:38 AM, Marisol Rodriguez <marisol.rodriguez@lacity.org> wrote:
Hi Mike,

Adding Jeanne on here.

I talked to the Councilmember and he wants to move forward with funding the identified projects. The rest of the funding should go to Las Palmas Senior Center for design and construction. Jeanne may have identified additional monies we can add to Las Palmas.

Barnsdall restrooms 750

Bellevue Play Structure 500
Chevy Chase Skate 800
Lake St Skate refurb + ADA 600
SL Play Structure 500
Hollywood Rec cameras 30K

Total \$3.18 million

Leaving \$4.62 for Las Palms design and construction allocation

I'll let her Jeanne explain other potential sources of funding.

Thanks

On Apr 11, 2018, at 10:12 AM, Marisol Rodriguez <marisol.rodriguez@lacity.org> wrote:

Thanks, Mike. This is fantastic news.

I'm sorry again for the confusion. I have a meeting with Mitch tomorrow morning and will run by all projects with him. The feeling I get is that he will lean towards funding projects, I know Chevy Chase skate park (\$800K) is important to him as well as the Barnsdall restrooms (\$750K).

Here is what I have
Barnsdall restrooms 750
Bellevue Play Structure 500
Chevy Chase Skate 800
Lake St Skate refurb + ADA 600
SL Play Structure 500
Las Palmas cameras 30K

Total \$3.18 million

Leaving \$4.62 for Las Palms design and construction allocation. With the design taking 3 yrs, we will have more development in the pipeline and rack up more Quimby?

Thoughts?

Hi Anna,

I just received a phone call from Matt Larrik from ESCO. Install for our new camera system will start tomorrow. I have scheduled staff to be here from 7am on as requested by Matt. He foresees the projected extending until April 20. Matt has given me the break down and has requested access to certain parts of the building which will not be an issue. We are set to start tomorrow. Please let me know of any questions or concerns. Thank you

SLO Oliver,

Thank you very much. It's just that I've been through these meetings before and then not much is followed through with. It goes back to Hotel City for the homeless. So I appreciate your response.

There are several sofa cushions and card boards pieces thrown in the corner of the park, near the Nirvana. Remember that dark area with the droopy trees. Is there anyway to have them picked up? If I were well I'd pick them up myself but I cannot at this point. Trust me as I do my part in picking up in the park all the time. The ppl in the park hate me and have often tried to fight with me and make negative remarks when I pu in the park. As I mentioned I am not physically able to do. And especially get into a physical conformation is something I'm not able to do with my recent back operation.

Sincerely, David Marez

Subject: Dorothy & Benjamin Smith Park

SLO Oliver,

The homeless are back and it's getting worse. Last night about 11 pm many arrived. This is from 6:30 am that there was enough day light to take photos of them.

Pic #1: I took this pic at 6:30 am. Granted Dorothy & Benjamin Smith Park is open but the homeless has been here all night. Two guys were fighting with loud noises throughout.

Pic #2: The stuff circled in red are 2 guys that have slept here for about a year. One of the them is nicknamed 'Animal' and according to them he has an outstanding warrant. They have been getting to the park and camp out around 9 pm as of late. They sleep behind the bushes. He told me he has an outstanding warrant because he asked me to let him know before I called the LAPD because of this very reason. They pack up and leave by about now. The dark skinned black female circled in green. She's standing up right getting ready to defecate. She does this every morning. She has a tendency to yell and scream at my tenants when she's getting ready to go #2 because she thinks she owns the park.

Pic #3: Dark skinned female that defecates every morning like clock work around 6:30 am.

How do we get this park patrolled at night time when it officially closes at 10:30 pm? Please help as it's quickly back to where it's been. I live right next door to the park and I manage [1784 N. Sycamore Ave.](#)

Subject: A freedom of information law request

Good afternoon Ms. Davis,

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I ask to (inspect/obtain a copy of) the following, which I understand to be held by your agency:

emails between parks and recr. staffs and daniel.halden@lacity.org from the beginning of 2015 until october 31 2018

.

I ask for a determination on this request within 10 days of your receipt of it, and an even prompter reply if you can make that determination without having to review the record[s] in question. If you determine that any or all of the information qualifies for an exemption from disclosure, I ask you to note whether, as is normally the case

under the Act, the exemption is discretionary, and if so whether it is necessary in this case to exercise your discretion to withhold the information. If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you redact it for the time being and make the rest available as requested.

In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all of the information is exempt and will not be disclosed.

Thanks for your help. 🙏

--
Thank you,

Harold Arrivillaga
